

Project Demo Planning

Date	01 July 2026
Team ID	N/A
Project Name	Personalized Networking Assistant
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction	Introduce the project, objectives, and problem statement	2	Gunturi Teja Sekhar Naidu
2	Solution Overview	Explain system architecture, technologies, and workflow	3	Dandu Thanishka Reddy
3	Live Demonstration	Demonstrate user profile input, AI-generated conversation starters, self-introductions, networking tips, fact verification, conversation history, and feedback management.	6	Chandana Ganuga
4	Backend & APIs	Explain FastAPI backend services, Groq API integration, Wikipedia API integration, and SQLite database operations.	3	Garudappagari Pallavi
5	Testing & Results	Present testing, performance, and deployment results	2	Chandana Ganuga
6	Conclusion & Q&A	Summarize the project outcomes, future enhancements, and answer evaluator questions.	4	Dandu Thanishka Reddy

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Explain the networking challenges faced by students and professionals, along with the project objectives.
2	Solution Overview	Describe the system architecture, technology stack, application workflow, and AI integration.
3	Live Feature Demonstration	Demonstrate user profile input, AI-generated conversation starters, self-introductions, networking tips, fact verification, conversation history, and feedback management.
4	Backend & Database Demonstration	Explain the FastAPI backend, Groq API, Wikipedia API, SQLite (networking.db), and API communication.
5	Testing & Results	Present testing outcomes, application performance, and successful local deployment.
6	Q&A Session	Answer evaluator questions and conclude the project demonstration.
